Year 5

Autumn Term 2023

A Beowulf Tale:
Monster Slayer!

Visits and Visitors

We are hoping to attend a workshop at the museum, to explore the life of the Anglo Saxons .

History

Travelling back in time, we will explore the Anglo Saxon era and their impact on Britain.

Science

This term we will explore how materials change state and investigate if they can change back again.

Geography

Using a range of maps will help us identify what makes our community great!

PE

This term we will focus on hockey skills and have an introduction to handball

Computing

We will be learning about computer systems and networks.

Art

We will create still life inspired by Matisse using shape, light and tone.

Design Technology

We will explore different cooking techniques in order to make a tasty burger with some fab visitors - ladies in pigs!

RE

This term we will look at expressions of faith.

Music

Our topics this term include melody and harmony in music and we will be singing and playing in different styles.

Jigsaw

Together we will understand how cultural differences can cause conflict.
